

MEET THE TEACHER

Welcome!

Hello! My name is Michelle Koob and I am so excited to teach your child for the 2025-2026 school year. This will be my fifteenth year teaching, and my tenth year here at Henderson.

This year we are going to work hard on building a strong foundation for your student's education, as well as fostering confidence and a love for learning. We will be exploring many new things in Kindergarten. We will study important curriculum in Reading, Writing, Math, Science, and Social Studies. A lot of our learning takes place in student-led lessons, peer collaboration, and small group instruction. Kindergarten is proud to integrate play throughout our instructional day to help the students build oral language skills, social development, and explore the academic curriculum in a fun and authentic way.

I am looking forward to working with you and your child to make this a fantastic school year! We hope to see you at Back To School Night Thursday, September 25th.

Miss Koob
