

Every child deserves
A CHAMPION -
AN ADULT WHO WILL
never give up on them,
WHO UNDERSTANDS
the power of connection,
AND INSISTS THAT THEY
become the best
that they can possibly be.

- RITA PIERSON

Ms. McGroarty

(Ms. M)

I'm Andrea McGroarty, a Level I Special Education teacher here at Henderson. This is my 7th year teaching in PWCS. Before transitioning into special education, I taught second grade!

At the heart of my teaching philosophy is relationship building. I aim to create a safe, supportive space where students feel understood and valued, so they can grow academically, socially, and emotionally. Every child learns differently, and I'm passionate about meeting their needs with compassion and creativity. I also deeply value collaboration with families. Helping family members understand and navigate the IEP process is one of the most meaningful parts of what I do. **Thank you for your teamwork!**

Grade Levels: Kindergarten, First Grade
