Student Pairing Code [What is a pairing code?](#)

You agree to the [terms of use](#) and acknowledge the [privacy policy](#).

- 3.
4. To add more students to observe, once logged in, parents will want to click on Account>Observing. Here, they can see who they are already linked to and **add** more children.

5. Once the account has been created, parents can use the Canvas Student App on their Apple or Android devices to access their account. When using the app, parents will select the Prince William County Parents link when asked to “find school.” The Canvas Student app and the Canvas Parent app are similar. Canvas has recommended that the Canvas Student app has a better layout.
